Dear Harry:

It was a real pleasure to assemble for lunch on 12 December a few of those with whom you have worked so closely during your service with the Agency and to present to you the Intelligence Medal of Merit.

I am grateful to you for the real contribution you have made in the development of the Agency from its early formative stages to the present. As you retire from the Federal Service at the end of the year you leave behind many warm friends among your associates here and take with you our sincere best wishes for continued health and happiness in the years to come.

Sincerely,

Allen W. Dulles
Director
